Farmers' Market Selection Criteria

New Mexico Department of Health (NMDOH)

Five-Sandoval Indian Pueblo (FSIP)

WIC Farmers' Market Nutrition Program (FMNP)

Senior Farmers' Market Nutrition Program (SFMNP)

For purposes of the WIC Farmers' Market Nutrition Program (FMNP), the Senior Farmers' Market Nutrition Program (SFMNP), and any additional State funded electronic benefits a Farmers' Market is defined as: **an association of local farmers who assemble at a defined location for the purpose of selling their produce directly to consumers.**

The New Mexico Department of Health Farmers' Market Program establishes criteria for the selection of Farmers' Markets to be authorized to participate in the electronic WIC Farmers' Market Nutrition Program (FMNP), Senior Farmers' Market Nutrition Program (SFMNP) and any other State funded electronic benefits issued through the WIC & Senior Farmers Market Program.

The Farmers' Market must comply with the selection criteria to be authorized.

The Department may reassess the Farmers' Market at any time using the selection criteria. Farmers' Markets not complying with the selection criteria will be ineligible to participate in WIC FMNP, SFMNP and any other State funded electronic benefits issued through the WIC & Senior Farmers Market Program, for a period of time to be determined by the Department.

Farmers' Market Selection Criteria:

1. The Farmers' Market shall ensure Farmers/growers are posting their "We accept" signs who are accepting the electronic benefits from the WIC & Senior Farmers Market.
2. The Farmers' Market must have and maintain a current Market Manager and/or Market Representative who is available at all times during market operations. If Market Management changes, a new Agreement must be signed and approved by the Department.
3. The Farmers' Market must be an established market that has been in operation at its current permanent site for one (1) or more years with consistent, regular hours.
4. The Farmers' Market is responsible for applying and maintaining all required business licenses or rental agreements for the Farmers' Market site.
5. The Farmers' Market must ensure that the produce offered for sale is locally grown within the borders of New Mexico and/or within an 80-mile radius of the market if outside of the New Mexico border, but must be within the U.S.

The Market shall:

1. Acknowledges an obligation to become familiar with the NMDOH and FSIP WIC & Senior FMNP programs requirements, regulations and policies, and understands that violations of such requirements may be grounds for sanctions, including disqualification from the program. Allow and ensure authorized farmers/growers can demonstrate and sell produce grown locally within the borders of New Mexico and/or within an 80-mile radius of the Market if outside of the New Mexico border, but must be within the USA, to participate in the NMDOH and FSIP WIC & Senior FMNP programs.
2. Ensure farmers/growers are not selling wholesale produce to WIC & Senior Farmers market nutrition program participants. If market rules allow for the reselling of wholesale produce, the farmer/grower must separate the produce from their locally grown produce. Produce must be labeled (non-local) and (local), as reselling of wholesale produce is not allowed. However, a farmer/grower may sell another farmers NM local produce, as long as it is not no more than 30% of their own product.
3. Ensure farmers/growers provide eligible foods at the current price or less than the current price charged to other customers.
4. Notify the NM NMDOH and FSIP WIC & Senior FMNP programs of any changes or additions as they occur, including change of Market Manager.
